The Metropolitan Revolution: The Rise of Post-Urban ...
When the United States first became a sovereign country in 1776, Philadelphia was its most populous city. By the time the first U.S. census count was completed in 1790, New York City had already grown to be 14% more populous than Philadelphia (though Philadelphia still had the larger metropolitan population in 1790). Note that, in 1790, New York City consisted solely of Manhattan, and that ...
