Which battery profile should my charger use? The recommended battery profiles for different types of batteries are listed in the ChargerConnect™ App Users Guide which is located within the app (drop down menu>help) and on our public website

36v Powerwise Battery Charger Manual
How to Choose a Charger for Your Golf Cart Battery. The vast majority of golf carts, also known as club cars, are powered by batteries that give you days of energy until they need to be recharged.

TECHNICIAN'S REPAIR AND SERVICE MANUAL
A hybrid vehicle uses two or more distinct types of power, such as internal combustion engine to drive an electric generator that powers an electric motor, e.g. in diesel-electric trains using diesel engines to drive an electric generator that powers an electric motor, and submarines that use diesels when surfaced and batteries when submerged. Other means to store energy include pressurized ...
