The history of Asia can be seen as the history of several distinct regions, East Asia, South Asia, and the Middle East that have more or less context depending of the situation in the central Eurasian steppe. The coastal periphery was the home to some of the world's earliest known civilizations, with each of the three regions developing early civilizations around fertile river valleys. The civilizations in Mesopotamia, the Indus Valley, and China had much in common. Therefore it is likely that t

Culture, War, and Major Events in Asian History

The History of East Asia encompasses the histories of China, Japan, Korea, Mongolia and Taiwan from prehistoric times to the present. The East Asian region is not uniform and each of its countries has a different national history, but scholars maintain that the region is also characterized by a distinct pattern of historical development. This is evident in the interrelationship among East Asian countries, which not only involve the sum total of historical patterns but also a specific set of patt
