The free ACCUPLACER study app features official practice tests in each subject that you can take on your computer, smartphone, or tablet. The format is just like the real ACCUPLACER tests, and you'll get immediate feedback with answer explanations for both correct and incorrect answers.

Math Resources for Teachers (Lessons, Activities ...

Advanced Mathematics. The study of algebra, geometry and other advanced mathematics topics by blind individuals presents several challenges. One of the most serious of these is the fact that blind students cannot visualize the graphical representations of complex mathematical concepts which aid sighted students in their understanding of those concepts.

Practice for ACCUPLACER | ACCUPLACER

Incorporating other subjects—such as art, reading, and science—into your math lessons will help hold your students' interest in the subject. You'll find resources here that are appropriate for whichever grade level you teach. Scoots are a way for students to practice math skills on the move.

Advanced Mathematics - Introduction

There are several options for entry into the mathematics curriculum, but any student who HAS NOT scored at least 500 on the SAT (Mathematics) or 22 on the ACT (Mathematics) should expect to struggle with ANY collegiate course in mathematics. Mathematics courses require students to DO mathematics and most of them build on skills and content developed over the course of the semester.
