~~Cessna Citation M2 Operating Costs | FlyRadius~~

400 series Cessna's are junk (except the new Cessna old Columbia 400). If you've found one for a good price, chances are it doesn't have the spar AD done. This involves tearing the wings and engine mounts apart which will expose lots of corrosion that has been festering for years.

~~1969 CESSNA 401A - Specifications, Performance, Operating ...~~

The Cessna 401 and 402 were developments of the Cessna 411. One goal for the Cessna 401/402 was to improve upon the very bad single-engine handling of the Cessna 411. Another goal was to avoid using the somewhat expensive and maintenance prone geared engines of the Cessna 411.

~~CESSNA 401/402 - Plane & Pilot Magazine~~

The Cessna 401 respectively Cessna 402 is a twin-engined six- to ten-seat light corporate and utility aircraft with retractable landing gear produced by the US-American manufacturer Cessna Aircraft Company. Cessna 401 and 402 are more economic developments of the Cessna 411, with less weight and less powerful engines. The total production ...

GTA's fleet of 16 aircraft consists of Beechcraft Bonanzas & Barons and Cessna 210s & 401/402s. All aircraft are configured for cargo operations. Passenger seats and amenities have been removed to maximize the interior volume for various types of freight, and cargo nets have been installed to ensure all cargo gets properly secured.

~~Cessna 401 & 402 - Specifications - Technical Data ...~~

The Cessna 401 and 402 are series of 6 to 10 seat, light twin, piston engine aircraft. This line was manufactured by Cessna from 1966 to 1985 under the name Utiliner and Businessliner. All seats are easily removable so that the aircraft can be used in an all-cargo configuration. Neither the Cessna 401 nor the 402 were pressurized, nor were they particularly fast for the installed horsepower.

~~Cessna 402 — Wikipedia~~

The four most common questions regarding maintenance are about the exhaust system AD, the landing gear, the wing spar Service Bulletin and cabin pressurization. Exhaust system In 1975 Cessna issued an AD addressing exhaust system maintenance. Regrettably, the AD was not properly adhered to, and in January 2000, AD 2000-01-16 was issued.

~~Cessna 401 Project For Sale — AvCom~~

We have constructed a hypothetical operating cost estimate using a 1975 Cessna 172M Skyhawk. Pilot Frank lee Hooked has just bought the Skyhawk for \$39,000. ... paint and interior are struck from the budget. Frank resolves to do as much of the maintenance work himself as regulations allow and therefore trims, by half, the line items for ...

[Archive] Owning/Running a Cessna 421 Private Flying. Unless you plan to do lots of hours, and are desperate to do the flying yourself, I suggest you sort yourself out with a deal on a citation of some sort and relax in the comparative luxury of something with proper engines, and save yourself the worry of operating possibly the most costly piston twin in its class on the planet! :cool:

~~Owning/Running a Cessna 421 [Archive] — PPRuNe Forums~~

The six Citation M2 operating cost areas are fuel, maintenance, insurance, hangar / parking, crew and training costs. Another area is taxes and fees (FAA / registration). This is usually minimal after the purchase of a Cessna Citation M2. It is also important to categorize the operating costs into variable and fixed costs.

~~Aircraft Performance & Operating Costs | ADN ...~~

Cessna's policy is to revise this guide only to accommodate changes to a new MMEL revision, which requires a change to, or a new, Operational (O) or Maintenance (M) required procedure. If a revised MMEL is released, but does not affect any required procedure, the Operational and Maintenance (O&M) Guide will not be revised at that time.
