Sensory & Motor Mechanisms
Chapter 50
2. Sensory receptors transduce stimulus energy and transmit signals to the CNS
Stimuli = forms of energy
Sensation involves converting energy into a change in the membrane potential of sensory receptors
Sensations are action potentials that reach the brain via sensory neurons
The brain interprets sensations, giving the perception of stimuli

Chapter 50: Sensory and Motor Mechanisms As in Chapter 49, there are several topics in this chapter that we will emphasize only lightly. If your teacher stresses human anatomy and physiology, you may be expected to go into more depth. In this Reading Guide, we will ask you to cover only material that might be on an AP Biology exam.
