At present, however, the quality of Chinese universities lags behind that of other countries. The Times Higher Education World University Rankings 2016-2017, a widely respected London-based university measure, includes only two Chinese institutions among the top 100 universities worldwide. Peking and Qinghua universities place 29th and 25th respectively, among the 978 tertiary institutions ...

History of education in China - Wikipedia

Since the foundation of the PRC in 1949, the Chinese education system has been modeled on the Soviet Unions education system (a 'spoon-feeding education system), and a number of comprehensive universities were established one after another in China.

Education in China - Systems, Top Universities

Is an Asian education better than a US one? Yes, it is. And no, it is not. Before I risk further confusing -- and perhaps even agitating -- more than a few of you, let me try to explain. When comparing the education of children in many Asian nations to our own versions (yes, there is more than one), it depends on what we're looking at ...

Chinese Education Since 1949 | ScienceDirect

After that, China's education system fell into something of a state of confusion due to the changes in national government. However, with the foundation of modern China the new order introduced a fresh approach to education and brought is into a new phase. Through long-term endeavor, the provision of educational has taken on a prosperous process.

Girls' Education in China More Accessible Than Ever | The ...

Are Chinese and American education models heading for a role reversal? As leaders work in China to move the country away from its notoriously rigorous focus on standardized testing, Americans seem to be heading in the opposite direction. In China, all students must prepare for the country's massive, multi-day test known as the "gaokao".
