A major difference between an Advanced Placement Program (AP) biology course and a regular high school biology course is the emphasis on detail. One of the areas of concentration that could appear on an AP biology exam is evolution and related processes, such as mutation, natural selection, and genetic drift.

~~Cliffsnotes Ap Biology Fourth Edition Cliffs Ap~~

First off, CliffsAP Biology book was not written for the DAT but for high school students taking the Advanced Placement (AP) Biology test for college credit. This means that it is broken down so simply that even a high school student can understand it!
