Command Line Kung Fu | Linux Training Academy

Well we here at Command Line Kung Fu fear no characters, though we may occasionally lose reader emails behind the refrigerator for several months. The solution is a little scripty, but I did actually type it in on the command line:

Command Line Kung Fu Commands Cheat Sheet by karaliking ...

Skoudisdeveloped a course he called Windows Command-Line Kung Fu. Frankly, it was galling to me that there should be such a course for the Windowsfolks, and nothing at all for the folks working with Unix, which is a much more command-line oriented OS. So thanks, Ed, for your advice in the early stages of this course and for kicking me in the
