Computer Systems: A Programmer's Perspective, Global Edition by Randal Bryant, 9781292101767, available at Book Depository with free delivery worldwide.

Computer Systems: A Programmer's Perspective

A Programmer's Perspective Most books on systems—computer architecture, compilers, operating systems, and networking—are written as if the reader were going to design and implement such a system. We call this the “builder's persepective.”
