~~Designing for Interaction: Creating Innovative ...~~

When design principles are applied to strategy and innovation the success rate for innovation dramatically improves. Design-led companies such as Apple, Coca-Cola, IBM, Nike, Procter & Gamble and Whirlpool have outperformed the S&P 500 over the past 10 years by an extraordinary 219%, according to a 2014 assessment by the Design Management Institute.

~~Designing for Interaction—UXcellence~~

Interaction design is the new field that defines how our interactive products behave. Between the technology that powers our devices and the visual and industrial design that creates the products' aesthetics lies the practice that figures out how to make our products useful, usable, and desirable.
