The valves are operated by pushrods acting on rockers on a steel shaft. Ford made very few cam changes through the life of both the Kent and pre-crossflow motors. Apart from the earliest 997cc units, the same cam was used in all non-GT engines up to 1971 model year, when the uprated Kent engines were introduced and camshafts had wider lobes.

Kent X/F 1100 - 1300 - 1600 Crossflow - Specialised Engines

Popular engines for the Seven in the US are the Ford Crossflow and Zetec. The Crossflow has a long and successful racing history. In the US it appeared modified (less efficient head design with recessed valves) in the mundane Ford Pinto. Although an OHV pushrod design, it's bowl-in-piston creates an inverted hemihead and makes tremendous power for a conventional engine, combined with intake and exhaust on either side of the head.

Ford Kent engine - Wikipedia

Ford Engines - Ford Kent Crossflow engine (1959-84)

The Ford Kent is an internal combustion engine from Ford of Europe. Originally developed in 1959 for the Ford Anglia, it is an in-line four-cylinder overhead-valve-type pushrod engine with a cast-iron cylinder head and block. The Kent family can be divided into three basic sub-families; the original pre-Crossflow Kent, the Crossflow, and the transverse mounted Valencia variants. The arrival of the Duratec-E engine in the fifth generation Fiesta range in 2002 signalled the end of the engine ...

Ford Kent Crossflow Engine

The Ford Crossflow engine (1298 cc and 1599 cc) also powered the Reliant Anadol (1968-1984). Other makes such as Morgan used the Crossflow on Morgan 4/4, Caterham on Caterham 7, and TVR used the engine in the Grantura, Vixen, and 1600M.

Ford Kent Crossflow Engine Block M-6010-16K

This engine was introduced in the Ford Mk2 Cortina and differs from the earlier units by having the carb on the left and the exhaust on the right - hence, 'crossflow.' They also varied from Pre-X/Flows in that the combustion chamber was shifted from the head to the bowl of the piston and were know as BIP engines (Bowl In Piston).
