The Law of Finance aims, for the first time in a single volume, to account for the whole of international finance as understood in English law. The volume is divided into two halves with section one considering the principles of the law of finance and section two considering the full range of modern financial techniques in their legal context.

and section two considering the full range of modern financial techniques in their legal context.

Hudson Law of Finance (Classic Series): Amazon.co.uk ...

It is clear that Hudson has a brilliant grasp of 'financial law' and is therefore able to explain complex concepts well.

Nonetheless as an authoritative book for teaching, you cannot expect students to spot the mistakes unless they have already learnt that area of law elsewhere. Even as a practitioners' guide, such errors are unacceptable.

Read PDF Hudson Law Of Finance

The Law of Finance provides a comprehensive account of the whole of the law of finance in one volume. It enables understanding of the subject by going through the principles of the law first and then moving on to look at how, through a range of modern financial techniques, the law is applied in practice.

modern financial techniques, the law is applied in practice.

Hudson law of finance. 2nd edition - ePrints Soton
Part 1 aims to set out what is meant by "the law of finance" and the manner in which the rest of the book is structured. This includes an analysis of the synthesis between substantive law and regulatory norms, such that the latter informs the development of the former.

Chapter 1: The components of the law of finance
