~~INGERSOLL RAND Regenerative Desiccant Compressed Air Dryers 19 products found. A regenerative desiccant compressed air dryer from Grainger can help you provide clean, dry air to your air compressor.~~

~~INGERSOLL RAND Regenerative Desiccant Compressed Air ...~~

~~Desiccant Air Dryers - Perfect for outdoors or low ambient applications! Modular designed desiccant air dryers have been specially designed to provide compressed air pressure dewpoint of -40° F. Ratings are based on 100° F inlet air temperature and 1~~

~~Ingersoll Rand Desiccant Air Dryers - Fluid-Aire Dynamics~~

~~Ingersoll Rand's innovative modular air dryers make it easier and more affordable than ever to deliver high-quality compressed air for instrumentation, process equipment, or production lines - virtually wherever it is needed: • High-efficiency filtration and desiccant bed adsorption provide clean, dry air.~~

~~D110IM Modular Desiccant Air Dryer~~

~~HL heatless desiccant dryers use twin desiccant towers with strategically positioned valves to dry compressed air. The simple technology of heatless dryers divert a portion of dried compressed air to an off-line tower. The dry air then flows through and regenerates desiccant. Although operating costs run higher than the heated desiccant dryers, the HL series requires the lowest capital investment.~~

~~Desiccant Air Dryers~~

D110IM Modular Desiccant Air Dryer-Perfect for outdoors or low ambient applications, Ingersoll-Rand's modular air dryers make it easier and more affordable than ever to deliver high-quality compressed air. This dryer helps prevent corrosion and minim

~~Heatless Desiccant Dryers 2.5-142 m³/min, 800-5,000 cfm~~

Desiccant does not need replacement for approximately 5 years, so there is no need for constant supervision. Heatless dryers use purge air to regenerate one tower while the other tower is in use. This purge air accounts for approximately 15% of the processed air, and is the biggest cost of installing these dryers.
