someone engaged in national and international human rights institutions from the beginning of his professional life; it is a voice that deserves to be heard. His penetrating analysis cannot but help all concerned to arrive at a clearer-sighted vision of both the role and the limits of the international judicial protection of human rights in Europe.

International Human Rights Protection - Intersentia

Introduction Human rights law and investment arbitration law have traditionally been viewed as divergent fields, reflecting distinct objectives and representing the interests of different stakeholders. The investor-state dispute settlement system (ISDS) has been criticized for its asymmetrical nature, creating competing legal obligations for States, and granting rights to investors while ...

Speaking at a gathering of international experts, in Rabat, Morocco, on freedom of expression and prohibition of incitement to national, racial or religious hatred, the Deputy High Commissioner for Human Rights, Kyung-wha Kang described an increasingly globalized world where the inequalities and fault-lines have deepened and the challenges intensified.

OHCHR | Striking a balance between freedom of expression ...

State stability, however, is not similarly dependent on the protection of human rights. In order to check the power of the state to tyrannize, murder and otherwise harm citizens, human rights must become a strong enough international force that the stability of the state depends in part on its adherence with these universal rights.

Human Rights and the Sovereign State | HuffPost

Effective international measures to guarantee and monitor the implementation of human rights standards should be taken in respect of people under foreign occupation, and effective legal protection against the violation of their human rights should be provided, in accordance with human rights norms and international law, particularly the Geneva Convention relative to the Protection of Civilian Persons in Time of War, of 14 August 1949, and other applicable norms of humanitarian law.
