the management, usually done via the audit report.

ISO 14001 Audit Preparation Steps

Preparing for questions by the auditor. Most of the ISO 14001 standard, like all of the rest of the ISO standard family, is very specific and precise. Generally, the standard tells you exactly what you have to comply with, and for the most part what you have to do to comply, but in my experience some of the most telling questions will be asked by the auditor himself.
