It's All Your Fault at Work! addresses ways of managing the behavior of high-conflict people (HCP). Based on Bill Eddy's high-conflict personality theory, the book explains how to recognize predictable patterns of behavior and illustrates with over a dozen examples the simple four-step C.A.R.S. method to calm the HCP, analyze options, respond to hostility, and set limits on extreme behavior.

Bill Eddy's It's All Your Fault is a must-have book for anyone (and that is most of us) who have what he calls High Conflict People in our lives. What makes this book so valuable is that it isn't a psychology book, even though he does briefly write about the origins of the personality disorders that HCPs suffer from.

But we all make mistakes, not just you. And conflict is a group effort. So it's simply not possible or realistic that everything is all your fault, all the time. Which means often, self-blame isn't about taking responsibility at all. It's instead an unconscious way to avoid facing the reality of the situations you find yourself in.

*It's All Your Fault! | The Lamb Center*

All those things, they're entirely your fault. I'm not even remotely sorry for saying that. I don't care if you don't believe me. That's why I stopped being a "life coach" or whatever the fuck I was. Because I was tired of trying to help people who didn't want to help themselves.
