Eurocargo Tector 4 cylinder engines - IVECO Brands

The vehicles equipped with diesel engines, the most common engine adopted today, are those on which Iveco works every day to improve their efficiency and technical features with excellent results. For its vehicles, the company uses FPT Industrial products, a company of the FIAT Industrial Group dedicated to the design, production and sale of power units.

ENGINE TECHNICAL SPECIFICATIONS - iveco.com

Iveco engines from the Cursor and Tector ranges observe the Euro VI standards by adopting High Efficiency SCR (HI-eSCR) technology. This technology optimises the processes of exhaust combustion and after-treatment, reducing consumption and enabling achievement of greater efficiency in the conversion of NOx emissions.
