There is no method that I have found that is better than the John Thompson Piano Courses. (I have looked at & carefully studied many). As a Symphony Conductor, Concert-Jazz Pianist & Teacher, I am always trying to find ways to bring my students to being able to play, to be able to read music, and to stay in time (by counting out loud) in a more efficient and easier way.

This method has been around for a while, and while the pictures may seem a little out of date, they are attractive enough to be appealing to students. There is a correlation between the pictures, words, and title of every piece even though there is not a recurring theme in the pictures throughout the book.

Question about John Thompson method - Piano World Piano ...

- John Thompson's method are too much unnecessary -fingering and too steep a learning curve. I have learning difficulties and am dyslexic. Every book of learning the piano says Practice each piece in 3 ways as you play. count aloud as you play. Sing/say the words while you play. always look at your music, not at your hands.

John Thompson books go very fast and don't have much room for development of skills. And be wary of excessive finger numbers. My suggestion is to switch her to one of the more recent method book series such as Succeeding at the Piano (by Helen Marlais), Piano Adventures (by Faber and Faber) or Alfred Premier (by Alexander and Mier, et. al).
