Mind, Machine and Morality - Routledge & CRC Press
It also looks to the future, examining how the movement toward artificial intelligence and machine learning raises new legal and ethical issues in effective management of social media data. Additionally, the book offers a solid grounding in the principles of social media measurement itself, teaching the strategies and techniques that enable ...

Social Media Measurement and Management | Taylor & Francis ...
It uses the Routledge imprint for its publishing in humanities, social sciences, behavioural sciences, law and education, and the CRC Press imprint for its publishing in science, technology, engineering, and mathematics. In 2017, T&F sold assets from its Garland Science imprint to W. W. Norton & Company and then ceased to use that brand.

Law, Human Agency and Autonomic Computing - routledge.com
Law is different in Australia. The origins of the Australian state in a military-run British prison camp, the legal fictions of terra nullius that dispossessed, displaced an failed to see the sovereignty of First Nation peoples and the efficiency currently witnessed in controlling the population and the economy during the current bio-emergency, suggest that law, and governing the land through ...

Eligibility to Vote. In New York State, in order to register and vote, you must be: a United States citizen; eighteen (18) years of age or older on Election Day or not later than December 31st of the calendar year in which you register; and a resident of New York State and of the county, city or village where you will be voting for a minimum of 30 days before the election.

Voting Rights | New York State Attorney General
I develop this argument through investigating the avatars, machines, and monsters in current digital archaeological research. These concepts are productively liminal: avatars, machines, and monsters blur boundaries between humans and non-humans, the past and the present, and suggest productive approaches to future research.

NEW YORK (WKBW) — Starting today, September 30, the "pink tax" ban goes into effect in New York State. The ban prohibits businesses from charging different prices for "substantially similar ...

'Pink Tax' ban goes into effect in New York State
These masculine practices continuously exclude women and perpetuate highly genderized societal spheres where men form communities based on passion for machines. Such passion involves an anthropomorphization of the man-machine relationship in which the machines are transformed into subjects in what might be termed a heterosexual, masculine ...
