Brooke has created. I don't think we can give enough gratitude to the men and women that serve our countries every day. They give up their time with their families, risk injury and even give their lives. And to the loved ones left behind that always leave a light on and keep the home fires burning, thank you also.

Letters Home is the first book I've read by Rebecca Brooke and it won't be the last. This powerful book is so much more than being an Army wife or falling in love-it demonstrates the reality of being an Army wife and dealing with the fear of the possibilities. Danielle and Nate are the perfect couple. High school best friends turn to lovers.
