political savvy. The broad, common definition of politics includes activities related to influencing the actions and policies of a government or getting and keeping power in a government. 8 Replace the word government with management, and office politics becomes the influencing of actions and policies instituted or controlled by management.

*The Influence of Power and Politics in Organizations (Part 1)*

Power and Politics in Organizations. Power and politics in organizations are a reality that no organization can ignore. Though the evolution of the modern corporation and the concomitant rise of the managerial class with a professional way of running the firms is touted to be one of the contributory factors for the decline on power politics in organizations, one cannot just simply say that ...

*Power, Politics, and Leadership in the Workplace*

Power is the ability to influence people and events. Managers need to use power effectively. Closely related to power is politics. Politics relates to the ways people gain and use power in organizations. Political activities in an organization are inevitable and managers should manage them carefully. Power and politics are present in all organizations and are inevitable.
