Siemens Transformers – Case Study
Underground substation ...

Munich : Siemens AG, 2006. 4. Dobbs, Smit, Remes, Manyika, Roxburg, Restrepo. ... The challenges our Army would face in a Megacity are formidable and it's a good thing we're thinking about this. This article is a terrific introduction to those challenges.

megacity - German translation - Linguee
We introduce a new 'multi-layered' indicator set for urban metabolism (UM) studies in megacities. The indicator set is designed for gathering information on the definition (spatial boundaries, constituent cities, population, economy), biophysical characteristics (climate, population density, building floor area), and metabolic flows (water, waste, materials, and all types of energy) of ...

Urbanization And Its Impact On Mobility
The process of urbanisation presents enormous challenges to governments,
