Fire detector test and service equipment must be safe both for engineer and system. As a minimum it must comply with international codes and standards and be approved / endorsed by detector manufacturers and third party listing agencies but it also needs to be cost-effective, portable and versatile.

### Fire Alarm Panel Trouble-Shooting Guide

This manual covers the use and operation of the Mx-4100, Mx-4200 Mx-4400 and Mx-4800 Fire Alarm Control Panels. Refer to the Installation and Commissioning Manual (Document No. 680-014) for details of how to install and program the panel. The Mx-4100 is a Single Loop, Analogue Addressable Fire Alarm Control Panel.

### ZETTLER Product Catalogue - Tyco Integrated Fire & Security

The MX2 is one of Tyco's digital addressable fire alarm controllers that is based on MZX Technology. It brings a host of system options and benefits to both installer and end user. It uses state-of-the-art multi-sensor virtual detection to expertly protect personnel and property through varying occupancy conditions.
