Museum Administration is the handbook for students, new professionals, and anyone who needs to know what goes into running a museum. The authors cover everything from basic organization to human resource management, with case studies and exercises to help reinforce the text.

museumclasses: Museum Administration & Management

A museum (/ m juː ˈ z ɪ sm / mew-ZEE-sm; plural museums or, rarely, musea) is an institution that cares for (conserves) a collection of artifacts and other objects of artistic, cultural, historical, or scientific importance. Many public museums make these items available for public viewing through exhibits that may be permanent or temporary. The largest museums are located in major ...

Museum Administration: An Introduction (American ...

While the book is a bit outdated in terms of technology, the book has some timeless advice for an introduction to museum administration. I read it for class in hopes that I would not be completely lost and Genoways did a great job in breaking the jobs down into precise and clear snippets with examples throughout.

Museum Administration: An Introduction | The Public Historian

In 1979, Edward P. Alexander's Museums in Motion was hailed as a much-needed addition to the museum literature. In combining the history of museums since the eighteenth century with a detailed examination of the function of museums and museum workers in modern society, it served as an essential resource for those seeking to enter to the museum profession and for established professionals ...
