Years ago, when I was a medical student and resident, I kept a list of all the patients I saw. I wrote down the name, diagnoses, and 1 medical thing I learned (the science of medicine) and 1 nonmedical thing I learned (the art of medicine). I encourage the students and residents I teach now to do the same thing. I always say, "You're learning at

PEDIATRIC SURVIVAL GUIDE - MacPeds

We both used Lecture Notes when we were medical students and it is a popular choice of text at home in the UK and abroad. We hope you will enjoy reading Lecture Notes during your paediatrics and that it will in some way contribute to still higher and better standards for children's health during your careers in the next 40 years.
