People Of The Deer Farley

People of the Deer is the lyrical portrait of a beautiful and endangered society, and a mournful reproach to those who would manipulate and destroy indigenous cultures anywhere in the world. Most of all, it is a tribute to the last People of the Deer, the Ihalmiut, whose calamitous encounter with modern civilization resulted in their tragic decline.

People of the Deer by Farley Mowat, Samuel Bryant, Samuael ...

People of the Deer is Canadian author Farley Mowat's first book, and brought him literary recognition. The book is based upon a series of travels the author undertook in the Canadian barren lands, of Keewatin Region, west of Hudson Bay. The most important of these expeditions was in the winter of 1947-48. During his travels Mowat studied the lives of the Ihalmiut, a small population of Inuit people, whose existence depended heavily on the large population of caribou in the region. Besides ...

People of the Deer - Wikipedia

The People of the Deer is the masterpiece of Farley Mowat who was one the greatest fact manglers in the history of Canadian literature. During his life, Mowat was quite bitter that his ability to lie and distort was never given the full recognition that it deserved.

People of the Deer by Farley Mowat - Goodreads

People of the Deer, Farley Mowat's first book, was published in 1952. At the time, the story was already old, but the way in which Mowat told it was new. It's the story of white people disrupting and ruining Indigenous culture.

If you've wondered how Mowat became attached to the Northlands and its people, People of the Deer will show you how it all began. This book also introduces us to a people that have all but lost their land and their way of life.

People of the Deer: Mowat, Farley: 9781771000444: Books ...

People of the Deer by Farley Mowat is a very sobering book. It chronicles the author's explorations into the Barrens of Northern Canada, where he studied caribou and lived with a group of isolated inland Eskimo, the Ihalmiut. Entirely dependent upon the caribou, these people were almost wiped out by starvation in the 1940s.

Dogear Diary: People of the Deer

Farley Mowatt went into the vast Barren Plains of North central Canada to study the caribou, and the Ihalmiut people who depended on "the deer" for their very existence. He lived among them in the late 1940s, when their tribe had dwindled from several thousand in about 1900 to less than 50 individuals in 1947.
