~~PhD Thesis Proposal & Critique — MIT Media Lab~~

A thesis proposal identifies a research problem, gives some preliminary view of existing research on the problem, identifies needed resources, and sets down the schedule for the research and writing process. Proposal writing is a way of defining problems in terms of necessary levels of involvement, scheduling, and resource allocation. The ...

Hillman, PhD, MGH, whose area of ...

### PhD | MIT Architecture

Since your thesis proposal is a proposal to overcome an identified problem/limitation, you need to identify the steps needed to complete the task. Though your PhD will evolve during the years that you take to complete it, the set of tasks and timeline that you identify in your proposal will help determine the trajectory of your research.
