Home » Blog » Patient Experience » Establish Boundaries With Difficult Patients Early, Before the Relationship Descends Into Crazy Town. Be forewarned, this is an "elephant in the room" post about dealing with difficult patients. It's a common situation and a sensitive topic.

DrDialogue: Doctor, Patient, Friend: Blurring the Boundaries
Crossing into Cyberspace is a meaningful act that would make application of a distinct "law of Cyberspace" fair to those who pass over the electronic boundary. As noted, a primary function and characteristic of a border or boundary is its ability to be perceived by the one who crosses it [35].

Boundary Violations in the Patient-Physician
Specific doctors and hospitals, or "in-network" providers, offer medical care at a lower cost than those outside of the network.

It's easier, too. The provider submits your bill or claim to Humana for you. The resources below will guide you to find a doctor within the network.

HSP Notes: HSPs, Boundaries, Feeling Good, and Finding Balance
There are two ways to find your property boundaries, resulting from two different definitions of boundary, each of which are valid. These are the legal and the physical boundaries. In this article we explain the difference between the two. In short, the legal boundary is a hypothetical line on a map, between 2 properties.

Is There a Doctor on the Net? Cyberspace, Telemedicine ...
THE SUBJECT of professional boundaries (and boundary violations) has received a great deal of recent attention in the psychiatric literature. 1-5 The emphasis on defining guidelines for professional conduct has expanded beyond the confines of ethics committees and has worked its way into licensing boards charged with disciplining physicians whose behavior jeopardizes the well-being of patients.

College of Physicians and Surgeons of British Columbia
Managing and treating physicians with professional boundary violations is of paramount importance with vast implications for public safety. Physician Health Programs (PHPs) evaluate and monitor many, if not most, physicians receiving care for these abuses. We conducted a chart review of 120 physicians monitored for boundary violations. We made intergroup and intragroup comparisons (i.e ...

(PDF) Patients in cyberspace: Information or confusion? Doctor, Patient, Friend: Blurring the Boundaries "I would be careful," a fellow physician cautioned, as I told of my plans to attend a patient's birthday party. In my 12 years of clinical practice I have lived in the community in which I practice, less than two miles from my office.

Board Approved and Remedial Courses: CME, CPE, & CE | PBI ... Data on physician self-reported behavior and physician disciplinary actions, including the AMA's own Council on Ethical and Judicial Affairs' disciplinary function, suggests that maintaining professional boundaries remains a significant challenge for physicians in practice, despite existing and longstanding ethics guidance on the matter.

Law and Borders - The rise of law in Cyberspace | Johnson ... physician will be professional and ethical, and will act in the patient's best interest at all times. Physicians must never place their interests above those of their patients. By maintaining appropriate boundaries, physicians mitigate the risk of complaints alleging professional misconduct.

Physician Boundary Violations in a Physician's Health ... SEEKING AND FINDING OUR CLIENTS ON THE INTERNET This article may not exactly replicate the final version published in the APA journal. It is not the copy of record. Kolmes, K. & Taube. D. O. (2012) Seeking and Finding Our Clients on the Internet: Boundary Considerations in Cyberspace. Professional Psychology: Research and Practice

Project MUSE - Physicians in Cyberspace: Finding Boundaries Physician respondents agreed that physicians need to explore psychologic needs of patients who transgress boundaries and have an obligation to care for patients even when they violate boundaries in the patient-physician relationship (Table 3).

Generally, they were not angry with patients who ask personal questions of physicians.
