How to define Gymnastics Strength Training™ (GST) [7:54]
Types of strength that most non-gymnasts will not have [12:55]
Biggest mistakes made by those who self-teach handstands [16:30]
Top exercises for identifying weaknesses in strength and mobility [22:12]
The problem of focusing on muscular fatigue when training [35:07]

Strength Training Fundamentals in Gymnastics Conditioning

Gymnastics alone will not develop nor even maintain an adequate level of strength for advanced gymnastics. Special conditioning must be performed, besides countless elements, combinations, parts, and full routines. Inconsistent strength training can explain the decline in performance, or at least the stagnation, of a number of athletes who had promising performances during the preparatory season.
