~~Behavioral versus Structural Remedies under EU Law~~

Mitigating market power in the EU markets is a central problem faced by policy makers and regulators. 1 The European Commission distinguishes two broad types of remedies to address market power, structural remedies and behavioral remedies. 2 Structural remedies, such as increasing competition by forced divestiture (Green, 2006), focus on the removal of the structural causes of market power.

~~Structural Versus Behavioral Remedies in the Deregulation ...~~

Downloadable! We try to better understand the comparative advantages of structural and behavioral remedies of deregulation in electricity markets, an eminent policy issue for which the experimental evidence is scant and problematic. Specifically, we investigate theoretically and experimentally the effects on competition of introducing a forward market which the European Commission classifies ...

~~Merger Remedies: Behavioral vs. Structural Solutions~~

Why Behavioral Remedies Won't Work in the Case of AT&T-Time Warner Posted on January 16, 2018 by Fiona Scott Morton It is clear from the economics in the government's complaint against the AT&T-Time Warner merger that the harms to competition articulated by the Department of Justice cannot be remedied to any significant degree with behavioral commitments on the part of the merging parties.

~~(PDF) The Impact of Behavioral and Structural Remedies on ...~~

Merger Remedies (2004) Competition agencies use remedies in merger cases to eliminate any competitive harm that may result as a consequence of a merger. Generally, merger remedies are classified as either structural or behavioural (or conduct). Each of these categories has benefits and drawbacks, which must be carefully considered when

Downloadable (with restrictions)! We experimentally study the effects of introducing a forward market and of increasing the number of competitors in a quantity-setting market under strictly convex production costs. Our key interest is to better understand which of these two remedies is more effective at enhancing competition. Allaz and Vila (1993) theorized that forward markets can have a pro ...

~~Behavioral Merger Remedies: Evaluation and Implications ...~~

- Remedies Notice sets out a preference for structural remedies (and against behavioural remedies) in merger cases: Para.12: "[...] the basic aim of commitments is to ensure competitive market structures. Accordingly, commitments which are structural in nature, such as the commitment to sell a business unit, are, as a

~~Data for: Structural versus behavioral remedies in the ...~~

Structural remedies, such as increasing competition by forced divestiture (Green, 2006), focus on the removal of the structural causes of market power. Behavioral remedies focus on preventing firms to be able to use their market power. The European Commission prefers behavioral remedies to structural ones, stating: "Structural remedies can
