One cautionary note: There's making your job sound impressive and meaningful—and then there's boasting. If you puff up recognizable positions with over-the-top language, it can really backfire and make you seem silly. The hiring manager will know what it means if your job title is "assistant" or "manager" and aggrandizing the position's responsibilities with inflated language won't help you ...

Inaction, or stillness, can sometimes be just as useful as action. The importance of patience was a primary theme among the super-achievers—whether it's strategically waiting for the best time to make a move or continuing to pursue a larger vision without receiving immediate rewards. Salespeople can also generate this skill.
