Sandy5: 9 months ago: These books are very popular at our library but I have never read one before. Bill Peet writes a whole series of these books and I found this one and purchased it as a gift.

The Ant and the Elephant - Wikipedia  
Our ant is the intentional part of the brain, but our elephant is the instinctual, impulsive part of the brain that houses emotions and memories and even guides the body to perform vital functions. While we tend to know our conscious minds our ants rather well, we often overlook the power of our elephantine subconscious minds.
