

The Big Thirst The Secret Life And Turbulent Future Of Water

The Big Thirst The Secret

The Big Thirst brilliantly explores our strange and complex relationship to water. We delight in watching waves roll in from the ocean; we take great comfort from sliding into a hot bath; and we will pay a thousand times the price of tap water to drink our preferred brand of the bottled version.

The Big Thirst is a mostly-fascinating outline of the way water is taken for granted in the west, and how that lackadaisical attitude - and the readily available fresh water it's premised on - cannot last. It does get a little repetitive and bogged down in places, but regularly picks back up with interesting tidbits and case studies.
