Cricut is the brand-name of a product

range of home die-cutting machines

used for scrapbooking and various

projects, made by Provo Craft & Novelty,

Inc. of Spanish Fork, Utah. The machines

are used for cutting paper, felt, vinyl,

fabric and other products such as

fondant. Cricut is among several

electronic die cutters used by paper

crafters, card makers and scrapbookers.

Ex-Craft Breweries Who Are CUT OFF.  
Many are speculating about why AB  
InBev is buying up American craft  
breweries in large numbers, all over the  
country: it is to gain back market share,  
it is to change the perception of what a  
premium beverage is, it is to put a  
throttle on the beer industry's supply  
chain.

The Craft Knife is ideal for detail work while the Manual Box Cutter is great for cutting long lines on big pieces of leather. According to Josh, Slice blades make a cleaner cut through leather and require less pressure than metal blades. Also, Slice's finger-friendly technology means not having to suffer frequent cuts.

Adjust cut settings for cardstock and send petals to be cut. Curl the edges of the flower petals around a pencil. Fold the slit on top of itself and glue it into place. Glue the smallest center petals onto a cardstock circle, then repeat for the medium sized petals and repeat again for the largest petals.
