Mahan now has to not only manage his new castle, his guild, and figure out a way to restore his class. But he also has the task of making the Karmadont Chess Set. This was just a fun story. In a lot of the recent books in the series there's always some huge world changing event that puts pressure on Mahan. In this book, that's all gone.

The book is set in 1946 and is an epistolary novel, composed of letters written from one character to another. I don't usually like multiple narrators (maybe because of LibriVox with a different narrator per chapter), but for this book it works well as each character reads their own letters.
