Most theories of educational leadership and management possess three major characteristics:

1. Theories tend to be normative in that they reflect beliefs about the nature of educational institutions and the behaviour of individuals within them. Simkins (1999) stresses the

Models of educational leadership and management. The author has presented and classified theories of educational management for over 20 years (Bush, 1986; 1995; 2003). This work categorises the main theories into six major models: formal, collegial, political, subjective, ambiguity, and cultural (see Table 1).

Spread the love
There are four major styles of leadership which apply well in the educational setting. While each of these styles has its good points, there is a wide berth of variation, and in fact, transformational leadership is truly an amalgamation of the best attributes of the other three. Let's explore how servant leadership,
