Well, first off, I'd like to say this is for a 2004 V6 Sonata and not a Tiburon. I couldn't really find a big enough Sonata forum so I thought I'd ask here. It's time for me the replace the timing belt on the Sonata, and the dealership told me it would be \$550 for just the belt. They said...

*Timing Belt replacement questions | Hyundai Tiburon Forums*

Engine, Intake, Exhaust - Timing Belt Broke - what to do? - My timing belt broke yesterday on my 2004 Elantra while I was going 65mph. No noise, car just shut off. I have 152k mile on the car. I tried several things today and want to post my results to see what advice i can get. Today I replaced the timing belt,...

Hyundai Forum is a community for all Hyundai Owners to talk and learn all about their favorite subject: Hyundai cars from the Sonata to the Elantra and even the new Kona!

*When I get my timing belt changed (Hyundai) - Bob Is The ...*

I had the Nissan dealer replace the timing belt in my Nissan pickup at 60K - then 15K miles later as I was driving down the road the engine stalls - I coasted into a service station - and the owner was an X Toyota tech - he looked at it and said it seems like a broken timing belt.

*Timing belt replacement | Hyundai Genesis Forum*

1. Get new valves, a head gasket set, and timing set. Remove the heads and replace the valves and seals. Replace the belt tensioner, bearings, water pump, and belt. 2. Replace engine with another engine from the junk yard and replace the timing set (to prevent future problems).

*Cost To Replace A Timing Belt (Hyundai Tucson) | The ...*

The average cost for a Hyundai Elantra timing belt replacement is between \$433 and \$583. Labor costs are estimated between \$260 and \$328 while parts are priced between \$173 and \$255. Estimate does not include taxes and fees. Note about price: This service is typically done as part of a bigger, more ...

*Timing Belt Broke - what to do? - Hyundai Aftermarket*

As mentioned before, our engines use timing chains, not belts. The serpentine belt is what drives all of your accessories (power steering pump, A/C, etc.). A timing belt/chain is what keeps your valvetrain "in time" (yes, I know, the terminology is highly convenient) with the rotating assembly.
