The former source offers a fuller account of Mayr's philosophy of biology than that found in *Toward a New Philosophy of Biology*. The new book, however, contains detailed conceptual analyses of the sort that, Mayr claims, do the real work in philosophy of biology. Google Scholar. 4.

From E. Mayr, *Toward a New Philosophy of Biology* (Harvard ...

In a period when a postmodern traffic jam of formerly modern millies and New Age bedouins and their high-priced gurus have changed the course of history in favor of more exciting Spenglerian fare, the gesture of invoking a renewed project, toward a new Enlightenment, represents a brave effort to go down fighting, or else simply stand and watch the frittering away of a significant heritage ...
