~~Toward a Psychology of Awakening ... Welwood's psychology of awakening brings together three major dimensions of human existence- personal, interpersonal, and suprapersonal-that no single tradition, ... first section addresses basic questions about the relationship between psychology and contemplative spirituality.~~

~~Toward A Psychology Of Awakening | Angus & Robertson~~

~~In fact, one of the most significant studies of awakening experiences came from outside psychology. In 1961 - coincidentally, at around the same time that Maslow was formulating his concept of the peak experience - the English author and broadcaster Marghanita Laski researched the concept of 'ecstasy' in a non-religious context.~~
