Getting urbanization and rural development right is essentially about sharing prosperity. It is about ensuring that the benefits of development and growth reach all citizens - whether they move to the mega cities, smaller towns, or live in a rural setting.

Welcome to Rural Development | Rural Development

1.2 Defining rural development. By comparison with development, rural development is a much newer term. But how does it relate to 'development' and some of the ideas discussed above? Is it an alternative to existing theories of development or does it simply refer to development carried out in rural areas?
