See your Remote Start system user's guide or installer for important information about starting a manual transmission vehicle and how long the engine will run when remote started.

## **Viper Remote Start and Keyless Entry: Viper Security ...**

I have a manual so there are some quirks with it. One of which is the fact of course that it comes in manual mode where you have to shut the car down in a certain way in order to be able to remote start it. The only downfall is that once you actually open, not unlock, the doors, the sequence is broken and you have to jump in and reset the sequence.
